FOR IMMEDIATE RELEASE

Commerce Boulevard Reopens

Rohnert Park - The segment of Commerce Boulevard that runs beneath U.S. Route 101 in Rohnert Park reopened just after 2:00 pm today, August 12, three hours ahead of schedule.

Caltrans closed the segment on August 1, in order to enable crews to safely demolish the remains of the old overpass structure. Earlier this week, Caltrans permitted bicycle and pedestrian traffic to use the adjacent sidewalk.

The work was part of a project that will build new car-pool lanes in each direction, and upgrade the on and off ramps to Wilfred Avenue and Golf Course Drive. More details of the project can be found on our web page:
